## **EasyChair instructions for Authors**

The submission and review of papers for **FORM-2019** will be managed through an online conference paper management system called **EasyChair**. This system gives you, the author, complete control over your submission.

The submission process consists of 2 stages:

1. Paper submission
2. Revised paper submission

Draft papers will be revised with the help of anonymous referees. The authors of accepted draft papers will be asked to submit a revised version prepared with template for publishing.

This guide is intended to support authors during the submission process. It has 3 parts:

- Setting up an account
- Draft paper submission
- Revised paper submission

While the procedure is quite simple and thus we do not anticipate users running into trouble, we are happy to help if you encounter problems. In the event that you do need help, please contact the technical chair at: [science@mgsu.ru](mailto:science@mgsu.ru)
